Some of the patents in this family are also the subject of reexamination proceedings before the U.S. Patent and Trademark Office, including Reexamination Control Nos.: 95/001,026 (involving U.S. Patent No. 6,378,020); 95/001,008 (involving U.S. Patent No. 6,715,020); 95/001,013 (involving U.S. Patent No. 6,697,295); 95/000,166 (involving U.S. Patent No. 6,426,916); 95/000,178 (involving U.S. Patent No. 6,324,120); 95/000,183 (involving U.S. Patent No. 6,182,184); 95/000,250 (involving U.S. Patent No. 6,452,863); and 90/010,082

(involving U.S. Patent No. 6,038,195). The cited references have come to the attention of the associated individuals as a result of the aforementioned litigations and reexamination proceedings.

The cited references, while believed to be of some relevance, are not necessarily considered to teach or suggest any aspect of the invention described and claimed in the above-identified patent application. Applicants hereby expressly reserve the right to swear behind the effective dates of any of the cited references. Applicants further reserve the right to question the relevance, materiality, and/or prior art status of any of the cited references in whole, in part, or in combination, subsequent to the filing of this information disclosure statement. This information disclosure statement is also not to be construed as a representation that a search has, or has not, been conducted or that no better art exists. Rather, this information disclosure statement discloses only the best references of which the associated individuals are aware.

The Examiner is respectfully requested to consider each of the cited references, to indicate such consideration by initialing in the space provided next to each cited reference on the enclosed Form PTO-1449 (modified), to sign the initialed Form PTO-1449 (modified), and to return a copy of the same with

the next communication to the Applicants.

In accordance with 37 C.F.R. § 1.98(d), some copies of the cited references are not being submitted herewith since the cited references were previously submitted or cited in prior U.S. Patent Application No. 08/222,646 (now U.S. Patent No. 5,513,327). However, copies of the cited references will be submitted at the request of the Examiner.

In accordance with 37 C.F.R. § 1.98(a), only copies of the cited references which are not U.S. patents or U.S. patent application publications (if any) are being submitted herewith. However, copies of the cited references which are U.S. patents or U.S. patent application publications will be submitted at the request of the Examiner. In considering these cited references, it may be noted by the Examiner that certain of the references may contain markings, underlinings, and/or other notations. These markings, underlinings, and/or other notations are not to be construed as drawing the Examiner's attention either to selected parts or away from other parts of these cited references. Any such markings were either present on the copies of these cited references when obtained by the associated individuals, or were made thereon during the study of these cited references by the associated individuals.

In accordance with 37 C.F.R. § 1.97(b), this information disclosure statement is being filed (i) within three months of the filing date of the above-identified patent application; (ii) within three months of the date upon which the above-identified patent application entered the national stage as set forth in 37 C.F.R. § 1.491; (iii) before the mailing date of a first Office Action on the merits for the above-identified patent application; or (iv) before the mailing date of a first Office Action after the filing of a request for continued examination under 37 C.F.R. § 1.114. Accordingly, no statement or fee is required.

Please charge any shortage in fees due in connection with the filing of this communication to Deposit Account No. 50-0206, and please credit any excess fees to such deposit account.

Respectfully submitted,

Hunton & Williams LLP
